

# jUCMNav Report

<http://softwareengineering.ca/jucmnav>

## Intentional Elements

1. Reviewer's account activation required
2. Eliminate need for login credentials
3. Alert for each letter submission
4. Send email updates to reviewers
5. Email updates for the student
6. Verify the veracity of correspondence
7. Primary and follow-up email prompts
8. Submits complete information initially
9. Reduce expense of procurement
10. Reduce letter composition duration
11. Single email alert per reviewer
12. One Email Once All Received
13. Safe collection of recommendation letters and evaluations
14. Student provides solely name and email
15. Assistance form for the student
16. Lessen effort needed
17. Monitor status of endorsement notes

18. Student submission of reviewer's contact details

### **Actors**

1. University
2. Referees
3. Student

## Strategy Legend for Group "MyFirstGroup"

	Strategy Evaluations															
prompts																
Submits complete information initially	-75	56	37	-56	75	-37	37	-18	37	-37	-75	-37	56	-37	-18	100
Reduce expense of procurement	-70	45	-100	50	-100	50	-100	25	-100	-100	0	75	-75	50	50	-25
Reduce letter composition duration	80	100	75	50	-100	50	50	50	-50	-100	100	50	50	-25	100	100
Single email alert per reviewer	100	30	22	15	-30	15	15	15	-15	-30	30	15	-50	50	75	30
One Email Once All Received	25	12	-12	-12	-18	12	12	12	-12	0	12	-6	18	100	75	50
Safe collection of recommendation letters and evaluations	-50	90	15	90	-70	89	-45	90	-67	15	65	44	34	100	82	-100
Student provides solely name and email	60	100	85	50	-80	40	60	45	-40	-100	80	40	65	75	95	80
Assistance form for the student	18	85	-56	68	-25	52	28	72	8	-52	65	-12	-40	55	45	100

	Strategy Evaluations															
Lessen effort needed	100	-75	-50	75	-100	50	-50	25	-50	50	100	50	-75	50	25	100
Monitor status of endorsement notes	100	50	-50	-50	-75	50	50	50	-50	0	50	-25	75	25	50	-100
Student submission of reviewer's contact details	60	100	85	50	75	0	60	45	37	-37	80	40	65	75	95	100

## Strategy Evaluations

University (A)

Referees (A)

Student (A)

Reviewer's  
account  
activation  
required

Eliminate  
need for login  
credentials

Alert for each  
letter  
submission

Send email  
updates to  
reviewers

Email  
updates for  
the student

Verify the  
veracity of  
correspon  
ce

Primary and  
follow-up  
email  
prompts

## Strategy Evaluations

Submits  
complete  
information  
initially

Reduce  
expense of  
procurement

Reduce letter  
composition  
duration

Single email  
alert per  
reviewer

One Email  
Once All  
Received

Safe  
collection of  
recommendat  
ion letters  
and  
evaluations

Student  
provides  
solely name  
and email

Lessen effort  
needed

Monitor

Strategy Evaluations

## Intentional Elements

Reviewer's account activation required

Metadata: "Evaluation" = "3"

Eliminate need for login credentials

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "90"

Alert for each letter submission

Metadata: "Evaluation" = "50"

Send email updates to reviewers

Metadata: "Evaluation" = "41"

Email updates for the student

Metadata: "Evaluation" = "50"

Verify the veracity of correspondence

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "100"

Primary and follow-up email prompts

Metadata: "Evaluation" = "41"

Submits complete information initially

Metadata: "Evaluation" = "-54"

Reduce expense of procurement

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "75"

Reduce letter composition duration

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "80"

Single email alert per reviewer

Metadata: "Evaluation" = "16"

One Email Once All Received

Metadata: "Evaluation" = "30"

Safe collection of recommendation letters and evaluations

Metadata: "Evaluation" = "32"

Student provides solely name and email

Metadata: "Evaluation" = "14"

Assistance form for the student

Metadata: "Evaluation" = "32"

Lessen effort needed

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "90"

Monitor status of endorsement notes

Metadata

"\_addAggregate" = "disable"

"Evaluation" = "100"

Student submission of reviewer's contact details

Metadata

"Evaluation" = "14"

"\_addAggregate" = "disable"
